

## LED ring illumination OBB-A6102

### Function

1. Dimmer light intensity
2. On/Off button
3. Fixing screws

### Advantages at a glance

- ✓ Constant colour temperature
- ✓ Long service life
- ✓ Maintenance-free, no lamp replacement
- ✓ Very low power consumption
- Available with UK power plug

### Safety informations

The light from the ring illuminator is very bright. Therefore, always switch on the illumination before looking through the eyepieces. Avoid looking directly into the LEDs.

### Technical details

Illuminance : 4,5W-LED  
 Colour temperature: ca. 7600K  
 Inner Ø: 63 mm  
 Input voltage: AC 100-240V

### Note

The ring lighting does not fit the following series:  
 OSE-1  
 OSF-4G  
 OZC-5  
 OZG-4  
 OZL-45R
